“ I love that KEYTA focuses on educational issues and stays out of the political support of candidates. I have also appreciated the legal support that KEYTA has provided during some challenging times. ”
 Colleen, 7th Grade Science

“ KEYTA offers the best alternative to traditional teacher unions. I like that they are not politically affiliated, and it is comforting to actually know where my dues money goes with KEYTA, and that my money supports myself and other teachers and not political candidates or ideologies for which I do not agree. ”

Michael, 7-12 Grade, English

Court Rules Fair Share Fees Illegal

On June 30, 2018, the U.S. Supreme Court ruled that union-collected “fair share fees” are unconstitutional and can no longer be charged.

Since unions are inherently political, the Court held that forcing public employees to pay fees as a condition of employment is a violation of free speech rights. Now known as “Janus Rights,” Delaware educators can no longer be required to fund opposing political views.

KEYTA has always believed that no one should have to financially support an organization they do not agree with and we commend the High Court for freeing teachers from burdensome union fees.

Membership

Membership is open to all educators holding current certification from the DE Department of Education, student teachers and employees of a public school system, including nurses, office personnel and support staff.

KEYTA’s Professional Liability Insurance Program runs from August 1 through July 31. Memberships are accepted year-round. Members may pay in full or allow for monthly debit, credit card or bank draft withdrawals.

Visit our website at www.keyta.org for information on how to resign from union membership.

Member Focused

KEYTA is ...

Nonpartisan: We believe in personal and responsible participation in the political process, but we do not endorse specific candidates or parties as an association.

Focused on education: KEYTA believes that as educators, our primary purpose is to promote academic and ethical standards by which children can develop wisdom, knowledge, skills, and confidence.

Independent: KEYTA is Delaware’s leading and largest independent educator association. Members are not bound to funding multiple levels of a unified organizational structure, and as a result we are able to provide many services more economically.

“ KEYTA’s legal team provided me with support when I needed it. When dealing with a conflict with my administration, I felt understood and supported every step of the way. ”

Tom, Grade 3, All Subjects

Coverage Details

Liability Insurance

KEYTA’s insurance pays up to \$2 million per insured per occurrence and \$3 million per occurrence if more than one member is involved, plus defense costs. This coverage protects alleged damages arising out of an occurrence as part of member’s professional duties as a school employee.

Thanks to our special occurrence-based feature, members enjoy protection long after they have retired or left the profession. If a claim is brought against a member, and the alleged incident occurred at a time when the teacher was a member of KEYTA, the member is covered by the policy.

Employment Protection Insurance

KEYTA members also receive up to \$10,000 for employment protection attorney fees. Even the best of teachers find that they may be confronted by problems with evaluations, conflicts with administrators, or claims of district policy violations. KEYTA’s attorneys and staff can provide guidance & support, research policies & statutes, attend meetings with members, and help them resolve these problems.
